**CROSS COUNTRY COURSE:** Our picturesque course is set into the bank of the crater of lake Gnotuk. A true test of cross country for both horse and rider. The lower levels are flowing and encouraging with the terrain providing the test for the greener horses. The upper levels provide a challenge with both the lines and terrain coming into play. Horses need to be established at their level and riders confident. Horses need to be fit and able to cope with jumping and landing on uneven terrain.
