

## EV Show Horse 'Mock Show'

EV Show Horse would like to extend to members an invitation to participate in our 'Mock Show'. **Running in conjunction with both of our FREE Winter Show Horse Clinics**, we would like to give to our members the opportunity to participate in a simulated show where riders are given the opportunity to ride their horses in a show ring atmosphere without the pressure to 'perform'.

Riders will be able to ride their horses on the circle, be called in, lined up, given a workout and if they desire, a critique on how they performed and where they could improve their show ring craftsmanship. The aim is to allow the horse the experience of being in a performance situation, but allowed to make and learn from mistakes. Workouts can be repeated as many times as it takes to get it right without judgement or pressure!!

No placings – no pressure, just the opportunity to ride in a simulated show ring and be able to provide newcomers/green/inexperienced horses and riders a low pressure 'fun' environment. Also a chance to socialize, something that can go missing when racing around between show rings.

So feel free to come over either before or after your lesson, or just come for our mock show. No need to book.
