# PETstock named as major sponsor for Victorian Show Jumping Championships

PETstock has been named as the principal sponsor 2018 Equestrian Victoria Show Jumping Championships to be held 14-16 September at the Boneo Park Equestrian Centre.

Jumping Victoria will host the event, to be known as the PETstock Victorian Show Jumping Championships, and expects around 300 competitors with hundreds more family members, supporters, volunteers, coaches, judges and other officials to attend.

PETstock's Paul Dixon said they were delighted to be involved.

"PETstock is well known to the Victorian equestrian community having strong relationships as the supplier for many households' pet needs. As a leading pet care institution, PETstock is pleased to support the Victorian State Championships and its hundreds of participants as they endeavour to be crowned Victorian Champion," Mr Dixon said.

"As PETstock evolves its pet offerings we continue to develop our equine product range to meet the needs of the equestrian community. PETstock is fast becoming the one stop shop for Victorian households, and the event is a natural fit for PETstock with its diverse equine range."

PETstock is a 100% Australian, family owned and operated business built on humble beginnings in regional Victoria. PETstock People are industry experts and understand that their customers are not just shopping for their dog, cat, bird, fish or horse...they're shopping for their family members!

Tom Lupton, Event Director, said this is an exciting time for Show Jumping in Victoria with the state titles for the first time in some years, once again hosted by the Jumping Victoria Committee.

"We greatly appreciate the generosity and support of PETstock and look forward to working in partnership with them to run this major event," he said.

Matthew Brown, CEO of Equestrian Victoria, also commented, "The PETstock Victorian Show Jumping Championships is a significant fixture on the annual calendar and the support of sponsors such as PETstock helps to make it possible.

"Boneo Park is one of Victoria's premier equestrian facilities and we look forward to welcoming participants for across the state to the Mornington Peninsula for what will be a fantastic event."
