

# **2012 Equine Prohibited Substances List**

**\*\*\* Including any other substance with a similar chemical structure or similar biological effect(s) \*\*\***

| <b>LISTED AS</b> | <b>SUBSTANCE</b>                      | <b>ACTIVITY</b>                                  |
|------------------|---------------------------------------|--------------------------------------------------|
| CONTROLLED       | 17-Alpha-Hydroxy Progesterone FEMALES | Hormone                                          |
| BANNED           | 17-Alpha-Hydroxy Progesterone MALES   | Anabolic                                         |
| BANNED           | Acebutolol                            | Beta blocker                                     |
| BANNED           | Acefylline                            | Bronchodilator                                   |
| BANNED           | Acemetacin                            | Non-steroidal anti-inflammatory drug             |
| BANNED           | Acenocoumarol                         | Anticoagulant                                    |
| CONTROLLED       | Acepromazine                          | Sedative                                         |
| BANNED           | Acetanilid                            | Analgesic/antipyretic                            |
| CONTROLLED       | Acetazolamide                         | Carbonic Anhydrase Inhibitor                     |
| BANNED           | Acetohexamide                         | Pancreatic stimulant                             |
| BANNED           | Acetaminophen (Paracetamol)           | Analgesic                                        |
| BANNED           | Acetophenazine                        | Antipsychotic                                    |
| BANNED           | Acetophenetidin (Phenacetin)          | Analgesic                                        |
| BANNED           | Acetylmorphine                        | Narcotic                                         |
| BANNED           | Adinazolam                            | Anxiolytic                                       |
| BANNED           | Adiphenine                            | Antispasmodic                                    |
| BANNED           | Adrafinil                             | Stimulant                                        |
| BANNED           | Adrenaline                            | Stimulant                                        |
| BANNED           | Adrenochrome                          | Haemostatic                                      |
| BANNED           | Adrenocorticotrophic hormone (ACTH)   | Hormone                                          |
| BANNED           | Aformoterol                           | Bronchodilator                                   |
| CONTROLLED       | Albuterol (Salbutamol)                | Bronchodilator                                   |
| BANNED           | Alclofenac                            | Non-steroidal anti-inflammatory drug             |
| BANNED           | Alcuronium                            | Muscle relaxant                                  |
| BANNED           | Aldosterone                           | Hormone                                          |
| BANNED           | Alfentanil                            | Narcotic                                         |
| BANNED           | Allopurinol                           | Xanthine oxidase inhibitor (anti-hyperuricaemia) |
| BANNED           | Almotriptan                           | 5-hydroxytryptamine agonist (antimigraine)       |
| BANNED           | Alphadolone acetate                   | Neurosteroid                                     |
| BANNED           | Alphaprodine                          | Opioid analgesic                                 |
| BANNED           | Alpidem                               | Anxiolytic                                       |
| BANNED           | Alprazolam                            | Anxiolytic                                       |
| BANNED           | Alprenolol                            | Beta blocker                                     |
| BANNED           | Althesin                              | IV anaesthetic                                   |
| BANNED           | Althiazide                            | Diuretic                                         |
| CONTROLLED       | Altrenogest (in males and geldings)   | Oestrus suppression                              |
| BANNED           | Alverine                              | Antispasmodic                                    |
| CONTROLLED       | Amantadine                            | Dopaminergic                                     |
| BANNED           | Ambenonium                            | Cholinesterase inhibition                        |
| CONTROLLED       | Ambroxol                              | Mucolytic                                        |
| BANNED           | Ambucetamide                          | Antispasmodic                                    |
| CONTROLLED       | Amcinonide                            | Corticosteroid                                   |
| BANNED           | Amethocaine                           | Local anaesthetic                                |
| BANNED           | Amfepramone                           | Stimulant                                        |
| BANNED           | Amfetaminil                           | Stimulant                                        |
| BANNED           | Amidephrine                           | Vasoconstrictor                                  |
| BANNED           | Amiloride                             | Diuretic                                         |
| BANNED           | Amineptine                            | Tricyclic antidepressant                         |
| CONTROLLED       | Aminocaproic acid                     | Haemostatic (anti-fibrinolytic)                  |
| BANNED           | Aminogluthethamide                    | Aromatase inhibitor                              |

# **2012 Equine Prohibited Substances List**

**\*\*\* Including any other substance with a similar chemical structure or similar biological effect(s) \*\*\***

|            |                         |                                             |
|------------|-------------------------|---------------------------------------------|
| BANNED     | Aminoheptane            | Vasopressor                                 |
| BANNED     | Aminomethylbenzoic acid | Anti-fibrinolytic                           |
| CONTROLLED | Aminophylline           | Bronchodilator                              |
| BANNED     | Aminopicoline           | Nitric oxide synthase inhibitor             |
| BANNED     | Aminopromazine          | Antispasmodic                               |
| BANNED     | Aminopterin             | Immunosuppressant                           |
| CONTROLLED | Aminorex                | Parasympathomimetic                         |
| BANNED     | Amiodarone              | Anti-arrhythmic                             |
| BANNED     | Amiphenazole            | Stimulant                                   |
| BANNED     | Amisometradine          | Diuretic                                    |
| BANNED     | Amisulpride             | Antipsychotic                               |
| BANNED     | Amitriptylline          | Tricyclic antidepressant                    |
| BANNED     | Amlodipine              | Antihypertensive                            |
| BANNED     | Amobarbital             | Sedative                                    |
| BANNED     | Amodiaquine             | Antimalarial                                |
| BANNED     | Amopyroquine            | Antimalarial                                |
| BANNED     | Amoxapine               | Tricyclic antidepressant                    |
| BANNED     | Amperozide              | Antipsychotic                               |
| BANNED     | Amphetamine             | Stimulant                                   |
| BANNED     | Amphetaminil            | Stimulant                                   |
| BANNED     | Ampyrone                | Non-steroidal anti-inflammatory drug        |
| BANNED     | Amrinone                | Vasodilator                                 |
| BANNED     | Amyl nitrate/nitrite    | Angina treatment                            |
| BANNED     | Amylocaine              | Local anaesthetic                           |
| BANNED     | Anastrozole             | Aromatase inhibitor                         |
| BANNED     | Androstenediol          | Anabolic                                    |
| BANNED     | Androstenedione         | Anabolic                                    |
| BANNED     | Anileridine             | Opioid analgesic                            |
| BANNED     | Anilopam                | Central Nervous System stimulant            |
| BANNED     | Anisindione             | Anticoagulant                               |
| BANNED     | Anisotropine            | Anticholinergic                             |
| CONTROLLED | Antazoline              | Antihistamine                               |
| BANNED     | Antipyrine              | Non-steroidal anti-inflammatory drug        |
| BANNED     | Apazone (Azapropazone)  | Non-steroidal anti-inflammatory drug        |
| BANNED     | Apocodeine              | Opioid analgesic                            |
| BANNED     | Apomorphine             | Opioid analgesic                            |
| BANNED     | Aprindine               | Anti-arrhythmic                             |
| BANNED     | Aprobarbital            | Sedative                                    |
| BANNED     | Apronalide              | Sedative                                    |
| BANNED     | Arecoline               | Stimulant                                   |
| BANNED     | Arsenic                 | Stimulant/toxic                             |
| BANNED     | Articaine               | Local anaesthetic                           |
| BANNED     | Atenolol                | Beta blocker                                |
| CONTROLLED | Atipamezole             | Alpha adrenergic antagonist                 |
| BANNED     | Atomoxetine             | Selective noradrenaline re-uptake inhibitor |
| BANNED     | Atracurium              | Muscle relaxant                             |
