

## COLLECTIVES - Webinar Details and Booking

This topic was popular and oversubscribed, so we are putting it on once more for you all. Jo Graham will be joined by Nick Burton. Together we look at the collective marks used at National test level considering and discussing how a judge arrives at each of these 4 categories...Paces, Impulsion, Submission and the Rider mark. We will use theory, and many varied clips with interactive polls so you are able to join in anonymously. Clear guidance will be given on what needs to be considered for each collective and will be great to help both riders and judges develop a better understanding.
