1. VICTORIAN TEAM SELECTION

1.1. OVERVIEW

The Victorian Interschool Team is selected under the jurisdiction of Equestrian Victoria. In selecting the Victorian Interschool Team, this policy seeks to identify those athletes who are the best candidates to represent their chosen sport as part of the Victorian Interschool Equestrian Team. At all times the safety of the rider and the welfare of the horse will be paramount.

Riders may only compete in two events at the Australian Interschool Equestrian Championships. In special circumstances this may be increased to three events:

- As a reserve rider after close of entry
- When the location of the national championships restricts the ability of riders to accept team positions

A horse can only complete in one level of jumping (three jumping classes)

A horse can compete in two consecutive levels of dressage e.g., Novice and Elementary, but not Preliminary and Elementary (2 tests per level)

A horse can only compete in one level of Combined Training

A horse can only compete in one type of Show Horse class

A horse can only compete at one level of Horse Trials and may not compete in other classes (see Horse Trials selection document)

Riders may compete on two different horses or in two divisions on the same horse, for example:

A rider may take one (1) horse and compete in one (1) Show Horse event and one (1) Dressage event, this complies with the maximum rider events and the maximum horse events

A rider can ride one horse in Jumping 90cm and can ride another horse in the Jumping 1.00m

A rider can ride one horse in a Combined Training event and the same horse in a jumping event, assuming the schedule allows for this under national horse welfare and discipline rules

Rider levels are based on the school year, from January 1 to December 31.

Primary - Prep to Year 6

Intermediate - Years 7, 8 and 9

Senior - Years 10, 11 and 12

Secondary - Year 7 to Year 12

In the event that the selection policy, as written creates an unfair weighting of selection between Victorian Equestrian Interschool Series (VEIS), and Interschool Victoria (ISV) State championships, the Victorian Team Manager in conjunction with the Chair of Interschool Victoria will appoint an independent panel to finalize the team.

1.2 SUBSTITUTIONS

After the closing date of entry to the Australian Interschool Equestrian Championships, changes or substitutions will only be made through the Victorian Team Manager. This will follow the reserve list procedure and may be done in collaboration with the relevant Team Discipline Coordinator and an independent person qualified to assess riding abilities, for example the Team coach. In the event of a conflict of interest, the substitution will be referred to the relevant Equestrian Victoria Discipline Committee.

- Team reserves may be selected and substituted after the closing date of entries, up to 3 weeks prior to the competition if the competition is interstate and up to 2 weeks prior if the competition is held in Victoria.
- After this time substitution riders will be selected from the existing team. In the event of a rider scratching, substitution(s) will be made after consideration of riders who may have also ridden at State Championships or the VEIS series in the level or discipline.
- The rider who is selected to replace the withdrawing rider is responsible to pay the associated class entry fee(s).

- If the withdrawal is less than 7 days from the first day of all competition, the substituting rider is required to pay half of the class entry fee.
- The substituting rider will be sent an invoice from Equestrian Victoria and is required to pay this prior to being placed in the team.

 - The 3rd reserve rider will be the third placed rider from the division with the highest combined percentage across the two tests

- Horse name
- Rider name
- Level seeking selection for (EvA80, EvA95, EA1* or EA2*).

1.3.5.2 SELECTION PROCESS

The scores for all riders will be compiled after each competition and the final rankings will be submitted to the EV Eventing subcommittee for verification and checking of any relevant Minimum Eligibility Requirements (MERs).

- A Team of up to 6 riders and 2 reserve riders will be selected for each level (EvA80, EvA95, EA1* or EA2*) based on the sum of each combination's 3 lowest scores (best 3 results). i.e., the final score is the sum of penalties for the three phases – Dressage, XC and Show Jumping. This is dependent on the host State of the Australian Championships each year.
- A fourth result may be used to separate riders with an equal score. A combination that has completed only 3 EA events during the qualifying period is considered equally to a combination that has completed 4 qualifying events but may be disadvantaged in the events of equal scores.
- If there is an equality of penalties, combinations will be selected on the basis of (i) least total XC penalties (ii) least total SJ penalties (iii) lowest dressage score.
- An independent panel appointed jointly by the Equestrian Victoria Interschool and Eventing Committees will review and confirm final team selection and resolve any disputes.

The process on how to register for inclusion on the Interschool Eventing Leader Board will be advised in October each year. The progressive Leader Board will be published on the Interschool Victoria Facebook Page, website and in ISV/EV communications.
