

Equestrian Victoria Affiliation Information

EV Affiliation - What is it?

Preamble

The primary objective of EA is the development of horse sports in the FEI horse disciplines and the additional EA discipline of Show Horse. FEI horse disciplines currently include Dressage, Jumping, Eventing, Driving, Endurance, Vaulting, Reining and Tent pegging (“Regional Discipline”).

Development includes assistance to clubs, associations and organising bodies involved primarily in the conduct of FEI, FEI Regional and EA discipline events and in training and development activities related to these sports. Part of this assistance is the negotiation of group insurance policies that are affordable to affiliates and allow them to conduct equestrian activities.

Benefits

1. The right to use EA rules and regulations, intellectual property (EV logo) and appoint EA-accredited Officials for their events.
(See www.vic.equestrian.org.au for current lists).
2. The use of the EV logo and name when advertising events.
3. You can promote your show on the EV website & EV News (over 3.5 million hits per year).
4. Official Competition- EV affiliated events provide grading points to horses. A competition may be run for both grading and non-grading competitors, encouraging more entries. All Show Jumping events that are conducted in accordance with EA rules and held in Victoria will count for grading points.
5. Barastoc and EV Show Horse State Titles- Show performances will only be recognised from current EA Affiliated shows.
6. Disciplinary- Affiliated clubs may report breeches of EA Rules, and EA will investigate such complaints.
7. Medication Control of Horses: Equestrian Victoria abides by the Equestrian Australia Equine Anti-Doping and Controlled Medication Regulations (1st edition, effective 5 April 2010 and updates) and the Equestrian Australia Medication Control System and Swabbing Policy (effective 1 January 2015). You can find these Regulations and Policies at <http://www.equestrian.org.au/policies> Equestrian Victoria expects that Affiliates of EV would conduct their shows under these policies.

Equestrian Victoria may choose to test horses at any event, but testing will not take place without the consent of the Organising Committee of the show / event. Shows / events that charge competitors a “swabbing levy” must organise through Equestrian Victoria to have an accredited Horse Swabbing Steward attend their show and use the income generated by the levy for this purpose. On application, there may at times be provision for some costs to be covered by Equestrian Victoria.

All show / event schedules should include the following wording:

Medication Control of horses may take place in accordance with the Equestrian Australia Equine Anti-Doping and Controlled Medication Regulations (1st edition, effective 5 April 2010 and updates) and the Equestrian Australia Medication Control System and Swabbing Policy (1 January 2015)

8. They are covered by the Member Protection policy and other relevant policies of EA.
9. You should not confuse EA Affiliated Clubs with EA Insured Clubs - these are two different things. Just because a club is EA Affiliated it may not be EA Insured and vice versa.
