**The pathway to becoming a National Jumping Judge is outlined in article 259.1 in the National Jumping Rules:**

## Pathway for Jumping Judges

## REQUIREMENTS FOR PROMOTION

The following information has been copied from the National Jumping Rules. EA members applying for accreditation as a Jumping Judge must direct their application to their Branch Committee. Please see contact details on the last page of this booklet.

The Preliminary Branch Jumping Committee is responsible for the accreditation of officials to preliminary level. Level one branch Jumping Committees are responsible for the accreditation or promotion of officials to level one. Level two officials need to apply to the level two branch jumping committees and all applications for promotion for Level three officials need to be submitted to the level three branch jumping committee for consideration by the Accreditation & Advisory Panel.

### **Article 259.3 Requirements to be an Accredited Jumping Judge**

Financial members of EA, who are interested in becoming an Official Jumping Judge, must complete and submit an application form detailing their experience and referees according to the criteria for promotion and maintenance on the following pages.

Upon satisfactory completion of the requirements of each level, you will be accredited as a Jumping Judge and added to the National database.

Accredited judge benefits include insurance cover at EA events, EA support, officials badge, qualified mentors, available ongoing education, name and contact details on websearch and news. Each judge will also receive a letter, certificate, accreditation card and badge from Equestrian Australia verifying their accreditation.

In order to remain accredited on the National judges list you must meet compulsory judging activity and professional development requirements each two years. Further information on this can be found on the EA website and will be sent when accredited as a Judge.

## WHAT MAKES A GOOD OFFICIAL?

As an official you have to be highly organised and professional. You have to be able to focus, make decisions quickly and firmly, be confident of the training you have received in the knowledge and experience you have acquired as a judge. You must possess diplomacy, tact and common sense. You have to be able to recognise and acknowledge mistakes you may make whilst officiating and also be able to diffuse a volatile situation.

You are part of a team and if you are the Chief Judge, you lead that team. You must be approachable and be able to liaise well with the Course Designer and also the Organising Committee, other officials and riders.

As a judge you must **be consistent and fair and have a thorough knowledge of Jumping rules and their application.**

It is important for officials to be:

- Physically fit
- Be able to be consistent and fair from the beginning to the end of the competition
- Mentally alert and able to concentrate for long periods of time

The official must have a thorough knowledge of jumping theory as well as practical jumping training.

*Codes of Conduct as per Attachment A of the EA Member Protection Policy*

## The FEI Code of Conduct for the Welfare of the Horse

1. The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times **the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.**
2. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
3. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
4. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
5. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.
