

## **Lynette Lee**

Proposed by: **Tamara Lee**

Seconded by: **Brynie Lee**

### **Response to criteria:**

I have supported Equestrian Sports all my life and have raised 4 Elite Riders, who have ridden in all disciplines from Showjumping, Sporting Horse, Cross Country, Dressage, Interschools and Showing.

Prior to children I rode till just after my 4th child was born when i had a serious accident at Melbourne Royal breaking my back and Pelvis.

I have worked in various businesses handling a variety of Jobs across Governance, Accounting and Payroll Duties. I was employed for over 20 years at one of the last Australian Footwear Manufacturing Company as Office Manager where I handled all Finances, Workcover (including Court Representation and preparation of all legal paperwork), and payroll, working with a variety of sections. I also worked for an Administrator finalising all financials for Liquidated Companies.

I have recovered from my accident well enough to walk but it is my choice to not ride any more, but to continue to support my children achieve their goals and dreams.

I am ready to commit to help to volunteer my ability to bring together like minded people for the success of the Equestrian Community.

Over the years I have been heavily involved within the Whittlesea Agricultural Show Society and only just retired as Show President after serving the last 8 years in Presidential Rolls. During this time I have worked on the Governance, Constitution, Finance, Employment, Hiring and Model Rules, worked with government appointed Committee of Management members and volunteers to ensure our show is prepared for the many years ahead.

I have also been District Commissioner of Whittlesea Horse and Pony Club and volunteered my services there for over 10 years. I was also involved and a member of the Australian Novelty Racing Association (now the Sporting Horse Association) for approximately 20 years serving approximately 8 years as Secretary being awarded a Life Membership.

My Extensive Diversity is one of my strengths, that i am able to turn my abilities to whatever discipline needed due to my knowledge of Equine Sports. I also know what is required to run a successful harmonious team. I am a team player and happy to assist to get a job done. My biggest strength is my determination.
