Cross Country Course

Cross Country Course Designer?

Ewan Kellet

Second CD (if applicable)

Will Foulks

Cross Country course description

Cross Country course: This year's cross country tracks will again be designed by renowned Australian course designer Ewan Kellett as well as local designer / builder Will Foulks. The cross country tracks that wind along the picturesque junction of the Barwon and Leigh rivers are designed to invite rider and horse combinations to a challenging but honest introduction to the Victorian eventing circuit. A large new water complex was built in 2020 to complement the existing course and water complex. The 30-meter diameter and 360 degree 'beach' entry makes the new water jump complex one of the largest in the state, while offering variability year to year. The course is was further updated in 2022 with several older fixed jumps being removed and replaced with a range of new portables that will allow greater flexibility to change the tracks each year. The course and design also incorporates the most current safety 'mims' clips beyond the standards required. The organising committee will again be working over the summer period to put the final touches on this year's course. Every track will be aerovated using Equestrian Victoria's newest aggravator, with thanks to the eventing levy program. I wish you a safe and enjoyable cross country ride in 2023! Cross country coordinator – Stuart Benson

Classes

2 Star CCN2.5*- S, CCN***- S
, YR Class

1 Star CCN*

EvA Classes
