

## TRANSITIONS - Webinar Details

This is the first time we look at this topic and Jo Graham will be joined by Nick Burton. We will look at transitions from Novice to Medium level considering and discussing how some of the movements would be marked differently at the relevant level. We will use theory, and many varied clips with interactive polls so you are able to join in anonymously. Clear guidance will be given on what needs to be considered in transitions and will be great to help both riders and judges develop a better understanding.
