This Ewan Kellett designed course was built for the 2008 Pony Club State Championships and has been refined and further developed for EA classes to CNC*. It is a technical course with lots of interesting questions for both horse and rider. A number of fences are under maximum height, so great for bringing on young horses. New fences and altered track changes the course slightly from year to year and maintains interest. The terrain is open, with gentle undulation to give a good galloping track that is a lot of fun. **We offer classes from Pony Club Grade 4 to CNC***
