EQUESTRIAN VICTORIA DRESSAGE HIGH PERFORMANCE PATHWAY

INTRODUCTION

Equestrian Victoria and Dressage Victoria are committed to supporting our members to live their equestrian dream.

To do this, we need to provide a clear, visible and achievable pathway for our riders to progress through as they work towards state and national squad selection ... and beyond.

A collaborative approach was taken in designing this Dressage High Performance Pathway, bringing together a range of stakeholders to help inform the document and ensure the pathway met the needs of the Dressage community. Over 4 months, we:

- Identified and consulted with the relevant stakeholders
- completed a SWOT analysis
- identified key priority areas
- agreed a set of strategic priorities against our key performance areas
- developed an action plan to guide the development, launch and embedding of the Performance pathway

We thank those who contributed to this piece for their generosity of time and for sharing their knowledge and experience in developing this pathway.

The Dressage High Performance Pathway should provide riders with a visible snapshot of ‘what’s possible’ in Dressage, and help them identify where they are today, and guide them to progress further through the Pathway in the future.

We are delighted to launch this important tool to support the development of Victoria’s Dressage community.
EXECUTIVE SUMMARY

During 2019-2020 Equestrian Victoria (EV) undertook extensive member research, conducted a strategic resourcing review, and conducted a mid-plan review of the 2018-2023 Equestrian Victoria Strategic Plan. With the revised Strategic Plan published, EV has continued its focus on achieving the plan’s objectives. This includes reviewing the development pathways in Victoria for riders across all disciplines and pathways.

This Performance Pathway Plan aims to support the development of Victorian riders, coaches and competitions, and the enhancement of governance and leadership structures in Victoria, to give our community the best opportunity to live their equestrian dream as they progress through Equestrian Australia’s national performance pathway.

This plan also aims to underpin both the national equestrian performance pathway and Equestrian Australia’s High Performance Strategic Plan.
DRESSAGE SWOT ANALYSIS

STRENGTHS

- A popular discipline with healthy participant numbers
- Good diversity of ages across rider community – it is a sport for all ages
- There is an existing EV squad structure to support rider development
- Squads have access to knowledgeable EA-accredited coaches and other industry professionals, e.g. vets
- Good number and variety of competitions to support rider development
- Quality facilities are available to support rider development
- Good number and geographical spread of clubs
- Dedicated volunteers passionate to assist in enhancing the development of Dressage in Victoria on many levels
- Riders’ representative acting as an advocate for riders and a conduit between riders and relevant Dressage bodies

WEAKNESSES

- There is no clear, publicly available rider pathway diagram
- Some coaches in the system have no formally recognised coaching qualifications
- Some riders and coaches do not buy in to EV’s squad system
- Talented riders sometimes do not have access to, or are not matched with, good horses

OPPORTUNITIES

- EA’s off horse programs enables access to good quality off-horse education materials
- The recent appointment of a performance pathway coordination staff resource in the EV office
- Good inter-squad collaboration and communication
- Access to a good variety and geographical spread of quality dressage venues and clubs in Victoria
- Provide a diverse range of squad activities that address a variety of rider learning styles
- Engage a range of coaches for state squads, with coach selection criteria that ensures both quality and continuity within and between the squad structure and pathways
- Illustrate to members a clear pathway to, and progression through, Victorian squads
- Deliver Victorian squads in a manner that promotes learning in an inclusive and supportive environment
- Promote good quality EA accredited coaches within the Squad system
- Foster stronger relationships with HRCAV and PCV
- Facilitate access to international coaches where appropriate

THREATS

- Unaccredited coaches who are working outside of EV’s structure
- No structured system to support high quality horse development and retention in Victoria
- The high expense of the sport
- High cost of competition entries/membership compared to HRCAV/PCV events
- High coach accreditation costs
DRESSAGE HIGH PERFORMANCE STRATEGIC PRIORITIES

THE PERFORMANCE PATHWAY STRATEGY IS FOCUSED ON SIX KEY PERFORMANCE AREAS THAT UNDERPIN SUCCESS:

1. Riders
2. Coaches
3. Governance and Leadership
4. Training Environment
5. Competition
6. Welfare of the Horse

RIDERS

- Publish a clear rider and horse pathway diagram, explaining what riders need to do to progress, and the support and rider requirements associated with each step
- Encourage Victorian squad riders to set individual performance plans (IPP) to clarify goals and expectations, and to foster rider accountability
- Increase opportunities for riders in regional areas
- Regularly assess the effectiveness of the current squad programs in order to guide future growth and planning

GOVERNANCE AND LEADERSHIP

- Foster a culture and deliver squad training sessions that support rider and horse development at all stages of the pathway
- Dressage Victoria to monitor and advise EV on the Dressage performance pathway strategy
- Engage regularly with Equestrian Australia to ensure the Victorian Dressage pathway functions in a way that supports EA’s pathway for rider development

COACHES

- Support coach development with fit for purpose educational tools
- Ensure regular coach development workshops
- Support coach involvement in the Victorian squad program and in the individual performance planning of their riders
- Where appropriate, initiate individual development plans with squad coaches
- Ensure all squad coaches are currently accredited and insured

TRAINING ENVIRONMENT

- Rider safety and horse welfare to be the top priorities in all training
- The curriculum of off-horse education for state squad riders to be structured around EA training modules.
- Training to be planned and monitored to produce horses that are fit for purpose for Dressage competition
- Riders to be exposed to educational opportunities that enhance their development as athletes within the sport (e.g. rider fitness and well being, mindset, organisation, competition routine)

COMPETITION

- Provide a range of competitions for all riders, from club to state and national level. Both metropolitan and regional areas to be included.
- Competition schedules for state squad riders to be managed through individual performance plans to ensure they are appropriate for rider development
- Develop a positive and encouraging approach to Peer Support at competitions.

WELLFARE OF THE HORSE

- Equestrian Victoria, Equestrian Australia and the FEI expect all those involved in equestrian sport to adhere to and acknowledge, the FEI Code of Conduct for the Welfare of the Horse.
- EV, EA & the FEI urge all involved with the sport to attain the highest levels of education in their areas of expertise relevant to the care and management of the competition horse.
